D'APRILE, Kristy

My name is Kristy D'Aprile, I have been Katanning resident for 20 years & together with my husband we are raising 3 school aged children and run a local small business.

I'm actively involved within the Katanning business community and I'm passionate about the promotion & development of our local economy. I believe that the future of our community hinges on the strength of small business.

I have had the privilege of serving the Katanning community in my first term of Council 2017 – 2021. Our community has seen significant changes over the past four years, and our future looks fabulous. During my term on Council I have enjoyed being involved in the many aspect of local government, and if elected I am committed and excited to be involved in the future strategic planning process for Katanning.
