Members of the Shire of Katanning Volunteer Bushfire Brigades are invited to submit their orders for protective clothing.

As in previous years, personal protective equipment (PPE) is funded by the Emergency Services Levy. The amount of funding received by the Shire for this purpose is limited, members are asked to carefully consider their requirements to ensure we can fill as many requests as possible.

Tips for ordering the correct sizes

Jackets

Use the table below to match your chest measurement with the jacket size. Keep in mind that the jackets are designed and made to be loose fitting.

SIZE	82	87	92	97	102	107	112	117	122	127	132
CHEST	92	97	102	107	112	117	122	127	132	137	142

Trousers

Use your waist measurement to first determine your size, then match your in-leg measurement to determine if you require regular, stout or long

SIZE	67R	72R	77R	82R	87R	92R	97R	102R	107R	87S	92S
WAIST	67	72	77	82	87	92	97	102	107	87	92
INLEG*	68	71	71	74	76	78	80	82	84	67	70

SIZE	97S	102S	107S	112S	117S	122S	127S	132S	74L	79L	84L	89L	94L
WAIST	97	102	107	112	117	122	127	132	74	79	84	89	94
INLEG*	72	75	77	78	78	78	79	76	78	79	78	80	82

Note: All measurements given (except inleg) are for the wearer, not the finished garment. All measurements are in cm.

Generally, the jacket size should correspond with the trouser size (i.e. a size 92 jacket will go with a size 92R, 92S, 89L or 94L trouser.) In most cases the jacket and trouser size will not vary by more than 2 sizes. Your current coverall size is the best indication of the 'set' size you require.
