## MESSAGE FROM THE PRESIDENT

It is with great pride that I introduce the Shire of Katanning's Corporate Plan 2026–2029, which sets out the initiatives to be delivered over the next four years to achieve the objectives of our Strategic Community Plan.

This Plan reflects our continued commitment to delivering high quality services and creating value for our community, in response to our local environment and the unique challenges and opportunities it presents. It is grounded in a clear understanding of the future of our community and the reach, quality and provision of services and facilities we provide.

Our Corporate Plan priorities have been shaped through robust analysis and a shared vision for the delivery of innovative and sustainable services. These priorities are aligned with our core values, our delivery capabilities, and our assessment of what truly matters to the Katanning community we serve.

I would like to thank our leadership team, staff, councillors, and community partners for their contributions to the development of this Corporate Plan. Their insights and dedication have been critical in crafting a work program that I believe is both ambitious and achievable.

As President, I am confident that this Plan provides the clarity and direction needed to drive continued success, and I look forward to working together as we bring this vision to life.

Kristy D'Aprile, Shire President

#### INTEGRATED PLANNING FRAMEWORK

All local governments in Western Australia are required to prepare a plan for the future under S5.56 (1) of the Local Government Act 1995.

The minimum requirements of the plan for the future are set under the Local Government (Administration) Regulations 1996, which requires the development of a Strategic Community Plan and Corporate Business Plan.

These documents are delivered through Integrated Planning and Reporting Framework to ensure greater level of community input and effective delivery of the local government's strategic intentions. This framework is outlined below.

Element of the Integrated Planning Framework (Source: DLGSC)
