SHIRE OF KATANNING ADMINISTRATION AND CIVIC CENTRE OFFICIAL OPENING

The Shire Administration and Civic Centre was officially opened by Hon. Alannah MacTiernan MLC Minister for Regional Development; Agriculture and Food; Ports; and Shire President Liz Guidera in a formal ribbon cutting ceremony on Friday 14 June 2019. Guests included neighbouring Shire Presidents and CEOs, former councillors, local dignitaries, and many of the people directly involved with the project.

The New Shire of Katanning Administration and Civic Centre was designed by Chris Egan of i2C Architects and built by Firm Construction. The building accommodates the Council Chambers as well as around 40 staff and has sufficient capacity to meet anticipated future staffing needs. The New Administration and Civic Centre is located within the Austral Terrace Heritage Precinct and compliments the heritage values of the existing streetscape.

The project was funded by the Shire of Katanning with support from the Department of Primary Industries and Regional Development.

PUBLIC NOTICE: STANDPIPES

Please ensure to press the STOP button when using the standpipes if the water does not flow after swiping your card. The card would have engaged the system and water will start to flow without notice once the system is sufficiently charged. This will result to a water usage charge on your card as it was last recorded.

PUBLIC NOTICE: REFUSE SITE GOING CASHLESS

As of Monday 1 July 2019 the Shire Refuse Site will become a cashless facility. Only EFTPOS payments and prearranged account payments will be available. These changes are being made in the interest of public safety and the safety of Shire employees. For further information about prearranged accounts, please contact the Shire of Katanning on 9821 9999.

TOUR COORDINATED BY COUNTRY ARTS WA

Southern Dirt TECHSPO aims to be Western Australia's premier technology and innovation event for the Agricultural community and associated industries. We are bringing technology developers, farmers, advisors, expert researchers and officials together for one day of advanced agriculture technology, information sharing and collaboration. Starting with a full conference in which all is provided, you will then have the opportunity to go in-field and see both livestock and cropping technologies in action.

To keep up to date on all things TECHSPO, visit www.techspo.com.au/news. New information on speakers and exhibitors will be available frequently.

STORM SEASON

Storms may bring heavy rain, damaging winds, lightning, hail, floods and tornados to the southern half of Western Australia between May and October each year. However storms can occur during the warmer months so it is important to stay prepared all year round.

WHAT IS A STORM?

Storms develop when warm, humid air near the ground is pushed rapidly upward into an unstable atmosphere.

WHY PREPARE FOR STORMS?

Damaging winds, flash floods, lightning, hail and tornados can cause damage to homes, cars and the environment. They can even cause injury or loss of life.

Most storm damage to homes occurs from:

- loose and broken roof materials
- fallen trees and branches
- flooding from blocked gutters and downpipes

IF YOU NEED HELP

For life-threatening emergencies
call 000

If your home has been badly damaged
and you need help, call the SES on
132 500

People can stay safe and reduce damage to their homes by being prepared.

HOW TO PREPARE

Preparing your family and home for a storm is your responsibility. If you live in a storm prone area, you should make it a priority between March and May to get your home ready inside and out. There are a few simple steps that could help you minimise damage:

- Check your roof and gutters for damage or loose material
- Clear gutters and downpipes of leaves and blockages
- Trim branches near your home and hire a contractor to clear trees from powerlines
- Clear rubbish from your yard, balcony or patio and put away any loose objects
- Prepare an emergency kit with portable radio, torch, spare batteries, first aid kit and family emergency plan
- Ensure your family understand storms and the risks
- Prepare an emergency plan including a relocation plan in case your home becomes flooded. Consider what you will do with your pets and know how to turn off the gas, electricity and water supplies (refer to the DFES website for more information)
- Display a list of emergency phone numbers
- Check you have adequate home and contents insurance

WEATHER WARNINGS

You can keep up to date with latest storm warnings and advice:

- through news bulletins on radio, TV or online
- on the DFES website www.dfes.wa.gov.au
- on the Bureau of Meteorology's website www.bom.gov.au or by calling their Land Weather Warnings and Flood Warnings Advice Line on 1300 659 213

WHEN A STORM IS FORECAST

- Secure or remove loose material and rubbish from around your home or work because strong winds during storms can turn loose items into potentially deadly missiles

- Weigh down loose objects using plastic bags filled with sand, rather than bricks that can be blown around in strong wind
- Ensure your emergency kit is up to date
- Ensure your pets and animals are in a safe area
- Move your vehicles under cover
- If you are away from your home you should contact family or friends to ensure your home is secure
- Construction site workers should put away any loose building material and secure their sheds
- Boat owners should make sure their boats are securely moored
- Campers should find alternative shelter

DURING A STORM

- Close your curtains and blinds and stay inside away from windows
- If caught outside find safe shelter away from trees, powerlines, metal objects, storm water drains, rivers and streams
- If boating, swimming or surfing leave the water
- If there is lightning, unplug electrical appliances and do not use landline telephones
- If there is flooding you can create your own sandbags by using plastic bags or pillow cases filled with sand
- If driving in heavy rain take extra care on the roads:
 - slow down, turn your lights on and keep a safe distance from other drivers
 - If you cannot see, pull over and park with your hazard lights on until the rain clears
 - Do not drive into water of unknown depth and current

AFTER A STORM

- Assess your home and property for damage
- Check on friends and neighbours to see if they need help
- Keep children away from flooded drains, rivers, streams and waterways
- Keep away from fallen powerlines as they are dangerous and should always be treated as live
- Be careful of fallen trees and damaged buildings
- If driving slow down, keep a safe distance from other drivers and take care in areas that have been flooded
- If roads are flooded do not drive into water of unknown depth and current
- Avoid gravel roads as surfaces will be slippery and muddy, and vehicles could become bogged

IF YOU NEED HELP

For life-threatening emergencies call 000

If your home has been badly damaged and you need help, call the SES on 132 500.

SES volunteers will attend as soon as possible. Assistance is prioritised, please be patient.

CLEANING UP

- Start cleaning up around your home – stack loose material such as branches and debris away from water meters, valves and telephone lines
- Call your local government to get advice about the removal of green waste and other materials such as asbestos fencing

STATE EMERGENCY SERVICE

DFES State Emergency Service (SES) volunteers help the community of Western Australia during storms and other natural hazards and emergencies.

SES volunteers assist the community by:

- Making temporary repairs to homes and businesses. It is your responsibility to organise permanent repairs. Contact your insurance company
- Clearing fallen trees
- Rescuing trapped or injured people
- Sandbagging areas in danger of flooding
- Assisting in relocating people

Such assistance is usually minimal in areas well prepared for storm season, which is why SES volunteers actively educate the community on ways to reduce the impact of storms on life and homes. This group of dedicated people are not paid and give up their time, often braving cold, wet, windy and dangerous conditions to come to the aid of hundreds in need of emergency assistance.

During a severe storm there may be many calls for emergency assistance so calls are prioritised. SES volunteers will attend as soon as possible.

All activities at the Library are free.

We ask parents stay with their children and feel free to join in with the activities.

Library Club - Every Monday 2:30pm

Library Club is a free service of
the Katanning Public Library.

MONDAYS at 2.30

Library Club offers the opportunity to play and learn in a friendly environment with free play, building challenges, book based learning activities and games. It is open to the whole family and aims to inspire and engage your child's creativity and interest in books while also providing an environment to meet new people and make friends!

The activities for Library Club will include a healthy snack, a book based activity, a Lego activity, time for free play in the library and book borrowing time.

Story Time- Every Tuesday 10.00am

**Story Time is a free service of
the Katanning Public Library**

It's a fun opportunity for families to introduce their children to reading and language. At our Story Time, children listen to beautiful stories, participate in sensory activities, engaging craft projects, sing songs and interact with other children.

The Story Time session is designed to promote development and learning.

**In Term 2, we will be looking at books
by Matt Cosgrove and Eric Carle.**

Story Time is designed for carers to participate with their children.

Lost & Found by Brooke Davis

Millie Bird is a seven-year-old girl who always wears red wellington boots to match her red, curly hair. But one day, Millie's mum leaves her alone beneath the Ginormous Women's underwear rack in a department store, and doesn't come back.

Agatha Pantha is an eighty-two-year-old woman who hasn't left her home since her husband died. Instead, she fills the silence by yelling at passers-by, watching loud static on TV, and maintaining a strict daily schedule. Until the day Agatha spies a little girl across the street.

Karl the Touch Typist is eighty-seven years old and once typed love letters with his fingers on to his wife's skin. He sits in a nursing home, knowing that somehow he must find a way for life to begin again. In a moment of clarity and joy, he escapes.

Together, Millie, Agatha and Karl set out to find Millie's mum. Along the way, they will discover that the young can be wise, that old age is not the same as death, and that breaking the rules once in a while might just be the key to a happy life.
